

GOKUL GOVINDARAJ

Angular Developer | Frontend Engineer | Ionic Developer

Chennai, India | +91 6384929988

gokulgovindaraj44@gmail.com | <https://itsggokul.netlify.app>

PROFESSIONAL SUMMARY

Software Developer (4+ years) specializing in **Angular (2+)** and **Ionic** for crafting dynamic, cross-platform web and mobile applications. Proficient in **TypeScript, JavaScript (ES6+), HTML5, CSS3**, and **RESTful API integration**. Experienced in **RxJS, NgRx**, SPA development, and PWA implementations. Known for writing clean, scalable code, performing unit testing (Jasmine, Karma), and optimizing application performance. Excellent collaborator in Agile environments, working closely with UI/UX teams and backend engineers.

TECHNICAL SKILLS

- **Frontend / Mobile:** Angular, JavaScript (ES6+), TypeScript, HTML5, CSS3, Bootstrap, Tailwind CSS, Angular Material, Responsive Design, Single Page Applications Development and Ionic Framework
- **Architecture & State:** Component architecture, services, modules, routing, lazy loading, change detection; RxJS, NgRx
- **Testing & Quality:** Unit testing (Jasmine, Karma), end to end testing (Protractor), debugging, code review, clean code practices
- **Integration & Build:** RESTful APIs, JSON; Webpack, Angular CLI; CI/CD pipelines (Jenkins)
- **Version Control & Collaboration:** Git, Bitbucket, Agile/Scrum methodologies, cross-functional teamwork
- **Performance & UX:** Performance optimization, cross-browser compatibility, User Interface/User Experience (UI/UX) best practices
- **IDEs & Tools:** Visual Studio Code, IntelliJ IDEA, WebStorm, Android Studio, Xcode

PROFESSIONAL EXPERIENCE

Software Developer – Careworx Healthcare Private Ltd – Chennai

Jun 2022 - Present

- Designed and implemented user-friendly UI for a sophisticated IoT platform targeting both **Medical** and **Industrial** applications.
- Contributed to projects including **LMS (Learning Management System)**, **EHS (Environmental Health and Safety)**, **Digital ICU**, and **Static Websites**.
- Built cross-platform web and mobile apps using Angular and Ionic, optimized for Android and iOS.
- Developed component-based architecture with modular Angular services, lazy loading, and change detection to enhance performance.
- Managed application state using RxJS and NgRx, ensuring predictable data flow.
- Integrated RESTful APIs, focused on clean, maintainable, scalable code patterns.
- Conducted unit testing using Jasmine/Karma and contributed to code reviews for improved code quality.
- Collaborated with UI/UX designers and backend teams in an Agile environment to align features with design standards.

Software Developer – Scentric Networks Private Limited – Chennai

Jan 2022 – Jun 2022

- Developed responsive and accessible web pages using Bootstrap, HTML, and CSS.
- Ensured cross-browser compatibility and optimal display across various screen sizes and devices.

Angular Developer – Bounty Hunt Force – Bangalore

Jun 2021 – Jan 2022

- Created **Single Page Applications (SPA)** using Angular and Angular Material with a focus on modularity and performance.
- Implemented routing and services, emphasizing reusable components and scalable architecture.
- Supported debugging and optimization across devices and browsers.

EDUCATION & CERTIFICATIONS

B.Sc Data Science – Nehru Memorial College, Puthanampatti – Tiruchirappalli

Jun 2018 – Mar 2021

Certifications: Great Learning – HTML, CSS, MySQL, Excel

ADDITIONAL INFORMATION

Soft Skills: Problem-solving, analytical thinking, adaptability, teamwork, continuous learning
